

Medal

**Hands Touching Hearts is a global outreach effort that gives Americans of all ages the opportunity to decorate handcrafted thank-you gifts for United States military personnel.
Ann M. Cosgrove, program originator. All rights reserved.**

The first keepsake created for the Hands Touching Hearts gift collection is a medal of appreciation.

It measures two inches in diameter and is suspended from a white satin ribbon.

Like all program keepsakes, the medal is designed to be transformed

by the work of the decorator's hands. For this gift, program participants decorate the medal ribbon.

Upon completion of the gift, the decorator has two options:

1. Take the keepsake and give it to an active-duty service member, reservist or veteran that the decorator knows personally.

2. Give the keepsake to Ann M. Cosgrove, the originator of Hands Touching Hearts, and have her send it to an active-duty service member that the decorator does not know.
